Students Feedback on Curriculum, Ambience and Academic Performance of the Institution – Action Taken Report 2023 – 2024

1. In response to students' requests, the institution has expanded the range of certificate courses available. New programs have been introduced in various domains.
2. To improve the learning experience, projectors have been installed in all classrooms.
3. Recognizing the importance of hands-on learning, the timetable has been adjusted to allocate more hours for practical sessions.
4. The library and sports facilities now offer extended hours to accommodate students' academic and extracurricular needs. This provides them with more opportunities to engage in both intellectual and physical activities, promoting a balanced lifestyle.
5. A wider range of extracurricular activities has been introduced, with more clubs and events being organized throughout the academic year.
6. The administration has revised the pricing of food items in the canteen, making them more affordable for students. Quality checks have been implemented to ensure that students receive nutritious meals at reasonable prices.

ACTION TAKEN REPORT

Alumni Feedback

2023-2024

In response to alumni feedback on curriculum and ambiance, several actions have been taken to improve the overall educational experience.

- Industry collaborations have been established for guest lectures and internships, and new interdisciplinary workshops.
- Skill-based courses were introduced to enhance employability.
- Alumni appreciated the campus ambiance but suggested improvements in infrastructure and recreational facilities.
- In response, classrooms, labs, and libraries were upgraded with modern technology were created.
- Recreational facilities were also renovated, and sustainability initiatives such as Led lamps were implemented to enhance the campus environment.

Teachers Feedback on Curriculum, Ambience and Academic Performance of the Institution - Action Taken Report 2023 – 2024

1. To foster ethical and moral values among students, regular moral and value-based classes have been introduced across all departments. These sessions are aimed at nurturing students' character development alongside their academic growth.
2. The institution has taken significant steps to support postgraduate students in their preparation for NET/SET exams. Special coaching sessions, study materials, and expert guidance have been provided.
3. Each department has been encouraged to design and implement Skill Enhancement Courses tailored to their respective disciplines.
4. In response to the feedback, department libraries have been upgraded with more resources, including the latest textbooks, reference materials, and e-resources.
5. In response to the faculty's recommendation, the institution has explored the feasibility of water recycling on campus. A sustainable water management system is being planned, with pilot projects being initiated to promote eco-friendly practices and water conservation.

EMPLOYERS FEEDBACK ACTION TAKEN REPORT (2023-2024)

1. To further prepare students for the competitive job market, the institution has strengthened collaborations with industry professionals. These partnerships allow for guest lectures, hands-on projects, and giving students practical exposure to real-world challenges. Additionally, students are encouraged to participate in live projects and internships, providing them with critical experience and networking opportunities.
2. In response to employer feedback, our institution has intensified efforts to provide students with career-focused training. Workshops on advanced technical skills, communication, and problem-solving are being incorporated into the curriculum to better align students' abilities with industry standards. These workshops also cover soft skills such as teamwork, leadership, and adaptability, which are highly valued by employers.
