

**7.3.1 Describe/Explain the performance of the institution in one area distinctive to its vision, priority and thrust.**

**WOMEN UPLIFTMENT**

Our college has been providing quality Higher Education for the past two decades exclusively for women coming from in and around rural areas. Our focus is to uplift Women who are economically poor and socially marginalized from downtrodden communities. For Women upliftment, the following initiatives are taken during the year.

1. The college provides self-defence training for girls to enable them to protect themselves.
2. Scholarship and Freeship were provided to the students to help them to pursue their education.
3. The workshop on women entrepreneurship was organized to motivate the students to become Entrepreneurs.
4. Career Guidance programme was organized to enable them to work in private and public Industrial sectors in mainstream and enrich their life.
5. The college acts as SPOC to help the students and faculty to do online courses.
6. The college has organized retail bazaar to enable the students to learn marketing skills and to become a traders.
7. Students are enrolled in various support services and several clubs like NSS,RRC,YRC and Unnat Bharat Abhiyan etc., to make them aware of the social problems and to inculcate in them the National values.
8. Our academic excellence is reflected in the results. Our students from several departments have been securing many University Ranks in the final examinations.

9. The Placement Cell helps our students to get recruited in private and public firms. The local industrialists have been providing jobs to our students with priority.

10. Medical camps are organized in the campus to ensure the healthiness of the students.

11. Students of Foods and Nutrition department visit nearby schools periodically and create awareness on balanced diet. The weak and malnourished students are identified and given formulated food as supplement.

12. Students of Biochemistry conducts health camps in schools and organizes Blood Grouping Analysis.
