If yes, give a brief description and a list of modules currently operational (maximum 500 words)	<p>All the details of staff and students are maintained and processed through Software. Automation of College Office and Library was done: The college office is computerized. Tally software is used for the maintenance of accounts and finance. All financial transactions are carried out through ebanking. SOUL 2.0 and DSpace are the two softwares used in our college library. The information about the books such as Name of the Author, Publisher, Title of the Book, Accession Number etc is available in the SOUL Software which is updated regularly. Bar Coding is done to facilitate the location and identification of the book easily. By using DSpace software, all reports of academic activities of the departments, university question papers, M.Phil Dissertations, PG Projects, NPTEL Video Lectures etc., are uploaded in the Software. The link is provided to faculty and students for access. Not only that, separate user id and password are provided for all faculty and by using that, they can upload their Video Lectures, eContents etc. Students' Internal Marks and Attendance Details are maintained in the University Web Portal. University has provided link to upload students' Continuous Internal Assessment Marks, Attendance etc, which are uploaded regularly. Reports of the above are generated automatically in that software at the end of the semester. Mode of Communication All the departments use WhatsApp, Bulk SMS, email etc to communicate to the students of their respective departments quickly and effectively. The parents are informed about the progress of the students through these media.</p>

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum is designed by the Board of Studies of the concerned subjects and approved by the Academic Council of Thiruvalluvar University. Since our college is affiliated, the curriculum given by the University is followed. Some of our teachers are members of BOS of the university and they contribute for the development and enrichment of the curriculum. The management has appointed very efficient and qualified teachers for effective transaction of the academic contents of the curriculum. Every department conducts meetings in the beginning of the semester for allotment of work among its faculty and the academic planner is prepared accordingly. The teachers maintain Work Diary and it is supervised by the HODs and Principal. The meetings at the end of the term are held to review the outcome of the plans chalked out by the departments. The college ensures effective delivery of curriculum through these planning and review meetings. Apart from the regular methods of teaching such as lecture method, group discussion, seminar, workshop, projects, internship, practicals in the lab, industrial visits etc., much focus is given during this academic year on ICT enabled learning, Video Lectures of subject experts, development of e-content of curriculum, PowerPoint Presentations etc. The college provides links for accessing e- resources like N-List, INFLIBNET, and NDL. Staff and Students are motivated to pursue online courses through NPTEL, SWAYAM, SWAYAM PRABHA, e-PG Pathshala, MOOC etc, to enrich their subject knowledge. The college has provided computers with internet connectivity, LCD Projectors, Screens and Audio visual aids. Language Lab facilitates the students to develop their communication skills. All students have to attend the classes compulsorily as per the schedule given by the college. Faculty members are deputed to attend short term courses organized by Centre for Academic Leadership and Education Management, AMU, UGC-HRDC for upgrading their teaching skills and knowledge. The institution ensures the effective curriculum delivery through the analysis of students' feedback on curriculum, Teaching learning process, and Teachers evaluation by students.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

The Feedback Committee of the College is entrusted with the responsibility of preparing a structured questionnaire to collect the feedback from all stakeholders namely the students, parents, alumni, employers and teachers. During this academic year, the committee collected feedback from students, alumni and parents. A separate format was used for students' evaluation of teachers at the end of the semester. The feedback committee classifies all the forms received from the stakeholders and analyzes them for necessary action. For example, the parents' suggestion for the introduction of PG courses was referred to the management and the Governing board introduced PG courses. The suggestion of the students with regard to curriculum revision was forwarded to the Board of Studies for consideration. During this academic year, first year students expressed that some junior teachers deliver lectures very fast and they could not follow. In such specific cases counseling was done to the junior teachers. One more demand of the students was to teach them bilingual, as they hail from rural areas. Such representations were complied with Students' suggestion box is also available in the campus which enables the students to represent their problems, grievances and suggestions to the authorities. The Principal and the feedback committee analyze their representation regularly and take action accordingly. Even small problems like scarcity of drinking water, any lapse in the hygiene and cleanliness of toilets, non-availability of adequate books in the departmental library, up gradation of canteen facilities etc., are brought to the notice of the authorities and they are rectified immediately. The college has structured feedback mechanism. The feedback received is analyzed by the committee and action is taken promptly.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The Institution follows a mentoring system. The Mentors who are in charge of the particular class hold the responsibility of guiding, motivating, and inspiring their mentees during the entire program. The Mentor system has largely been instrumental and beneficial in reducing student drop-outs as it evinces keen interest in studies. The mentors are provided access to the profile of the students and also their contact details. Well-trained lecturers, who know the background of the students, are given the charge. Apart from the academic hurdles, the Mentors deal with the financial, health, personal and psychological issues of the mentees and help to resolve them. The additional requirements of the students that are beyond the abilities of the Mentors are referred to the senior faculty or experts in the field. Mentors help greatly in identifying the learning challenges. They provide first-hand support to the students with difficulties and give relevant inputs to the concerned lecturers. The Mentors' contact details are communicated to the parents/guardians. The Mentors meet the students frequently and discuss various issues including classroom lectures, laboratory performances, participation in seminar/conference and technical events, any academic difficulty faced, and career-development. This renders immense benefit to the students. Mentors generally encourage the students to take part in curricular, cocurricular and extracurricular activities. The progressive records of the students are well maintained and they are brought to the knowledge of the Parents/Guardian. Right from the admission, students are under the guidance of Mentors who monitor their attendance, grades, extra-curricular activities, social consciousness, ecological and ethical values, professional guidance, financial support through scholarships and endowments and provide counseling and remedial measures for the slow learners and helping them to excel both in academics and also in life. The mentors are hence chosen very carefully and are periodically given orientation along with the HODs and other faculties. The Mentorship Program at Islamiah Women's Arts and Science College is very useful to develop Teacher-student bonds for a lifetime. The mentoring systems play a key role in moulding the character and shaping the personality of our students.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

As an affiliated institution of Thiruvalluvar University, evaluation norms of the University are followed. Major reforms are Credit Based Choice System (CBCS) and continuous assessment. For UG and PG three continuous internal assessment tests are conducted. The internal marks allotted for Continuous Internal Assessment (CIA) are 25. For End Semester Examinations (ESE) 75 marks

are allotted. After the completion of the CIA tests, the faculty evaluate the answer papers and distribute them to the students to maintain transparency and objectivity of evaluation. Then the Principal conducts a meeting with Heads of the department about the student's performance in the CIA and takes appropriate steps for further improvements. The slow learners are identified in the first CIA test and given remedial coaching. Student's performance is also evaluated based on the communication skills, use of modern tools in learning, problem-solving skills, and ability to work in teams and leadership qualities. Students' areas of weak points are filtered from the assessment of their series of internal assessments. Students are divided into groups, every group comprising academically strong and weak students made to talk about burning topics and write assignments. Knowledge gained by the participants of the group is tested through interactions. This is a part of Peer group learning in the college. Reforms in the Evaluation Process: The University has made it mandatory to upload the marks obtained by the students in the CIA tests in the university portal. And all these CIA tests include Assignments for 10 marks. Percentage of attendance of students semester wise is also uploaded in the university portal. Thiruvalluvar University has made the following reforms during this year in Internal Assessment (i) CIA test 1 for 50 marks and Assignment 10 marks (ii) CIA test 2 for 50 marks and Assignment 10 marks (iii) CIA test 3 for 100 marks and Assignment 10 marks and at the end university converts these marks into 25 as Internal Marks. For Extension Activities, 100 marks are allotted for the final year UG students from this academic year. Debate, group discussions, quiz are conducted to evaluate students' subject knowledge and understanding level. Industrial visits are arranged and students submit the visit report to evaluate their observation and perception level. Participation in seminars and conferences determines their curiosity level in knowing about recent developments in their own discipline. Faculty conducts unit wise tests, project-based assignments, and remedial classes to evaluate students' performance to get better outcomes.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Academic calendar is prepared on the basis of the Calendar of the affiliating Thiruvalluvar University. It is prepared by the IQAC, Calendar Committee under the chairmanship of Principal. It lays down a meticulous schedule for academic delivery and ensures the transparency of its functioning. The academic calendar stipulates the beginning and end of every semester, holidays and vacations. It also mentions diverse events such as Seminars and Conferences to be conducted by the departments, anniversaries of great national leaders, important days to be celebrated such as Independence day, Republic Day, Ramanujan Day, Women's Day, Teachers' Day, Science Day etc. The tentative schedule of the CIA Test, Model Examination and End Semester Examinations are also given in the academic schedule. The preparation of the educational calendar immensely contributes to the successful completion of the semester. The Academic Calendar serves as a record and planner for college students, faculty, a team of workers, and to different stakeholders of the institution. It is a compendium of information of the institution for all stakeholders. It consists of rules and regulations, fee structure, code of conduct for students, university rank holders list, the list of office bearers of the Governing Board in the past and present, the guidelines for parents and students etc. The committees of various support services available in the college and their responsibilities are clearly stated in the calendar. This facilitates the smooth functioning of academic, co-curricular and extracurricular activities. The Institution adheres to the calendar as much as possible to ensure the effective functioning of academic activities.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college follows a clearly defined procedure for maintaining and utilizing all types of infrastructural facilities. The College Development Council under the Principal supervises all matters relating to maintenance and utilization of facilities. Special committees are constituted every year for Stock verification, Purchase, Repairs and Maintenance of furniture of Laboratories, Library and Class rooms. 1. Laboratory During this year, the college has taken several initiatives for the up gradation and enrichment of laboratories by adding more equipment and instruments on the recommendation of the Heads of Departments. For example in the Biochemistry lab, UV visible Spectrophotometer, Binocular microscope, etc., are added. In the computer science department, one

projector, one printer and one UPS are added. Several latest software are purchased for language lab. Likewise all departmental labs are upgraded, apart from regular maintenance. The institution ensures optimal utilizations of all laboratories by conducting practicals as per the syllabi and giving hands on training to the students to facilitate experimental and experiential learning. The lab assistants of the respective science departments are in charge of the maintenance of their laboratories and stores. 2. Library Under the guidance of Library Advisory Committee, DSpace software is installed which is effectively used as a institutional repository for storing all video lectures, records of all departmental activities, question bank, research publications etc. Library staff maintain the library main block, reading room, virtual library, and reprographic facilities. Thanks to the efficient and effective maintenance, rare books and invaluable manuscripts are available in our library. 3. Renovation and expansion of Seminar hall is done for the development of infrastructure of the college during the year. The seating capacity of seminar hall is increased from 200 to 350. Two more class rooms are added. 4. Buses With a view to helping students from far off villages to commute daily the management has increased the number of buses to 12 and they are maintained systematically by the bus manager and a coordinator from among the faculty. It ensures the safety and security of the girls attending the college. 5. Campus cleaning, toilets, housekeeping, supply of pure RO water for drinking purpose and sports facilities like Gymnasium and indoor stadium are given much priority in maintenance and utilization.

Treasurer - Mehbuba Hanifa -III B.Com CA. A student secretary is nominated for every discipline and support service. They are nominated on the basis of merit, regularity and discipline. This council is the platform for students to ventilate their problems and issues. They act as a link between the authorities of the institution and the entire student body to represent their requirements so as to address them effectively, efficiently and find viable solutions for a healthy relationship between all concerned. The Student's Union aims at maintaining a disciplined academic environment where each individual acts as a responsible adult respecting the rights of every other individual in the student community. The Council plays an active role in organizing Sports day, College Day, Independence Day, Teacher's Day, Martyr Day, Flag Day, International Women's Day etc.,. They also associated with various awareness programs organised by the IQAC and NSS. Their role in facilitating the implementation of new schemes or disseminating directives from the administrative and academic bodies has been commendable. During training programs, they act as mentors to build the morale and inspire confidence among their fellow students thereby making every session productive and fruitful. They represent in all support services like the NSS, RRC, YRC, Library Committee, etc., which gives them a platform to voice out their suggestions and opinions from their perspective. In the beginning of the academic year, they ensure that the Freshers are provided with all the support and guidance they require for their smooth transition from being a newbie to an established and well-adjusted individual of the student community. Anti-ragging committee takes serious measures to ensure the new entrant's safety and dignity. The Transport Secretary deals with the problems of those commuting

through the College bus. Placement Secretary takes care of the issues pertaining to campus selection and recruitment. The Management provides all the necessary support to the Students Council. Ms. Jasiya Aiman who was elected as the Students President in July 2019, was a good role model to all students in building leadership qualities. 30 students were inducted into various offices during the inaugural ceremony in which oaths were taken by the new office bearers to work for the development and welfare of the students and the college. Students Council is guided by a Senior Professor.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The practices of decentralization and delegation of authority at various levels involving all the stakeholders in governance and management are reflected in the administration of the college at all levels. Under the headship of the Principal, the College Development Council consisting of HODs and senior professors carry on all academic programs seriously. The faculty members are involved in decision making process at various levels. Further, the staff members are encouraged to assist the management in decision making either through individual suggestion/representation or through College Development Council. To ensure participative management, the various committees are constituted. Each committee is responsible for the activity to be undertaken for that particular year. Two examples of the practices of decentralization and participative management are as follows: 1. Extension activities are planned in the College Development Council. The conveners of the support services organize the extension activities in which the members of the committees including students and faculty are actively involved in organizing and conducting the activities with full of autonomy. Neither the management nor the college authorities interfere in their functioning. As a result, NSS, YRC, RRC, Unnat Bharat Abhiyan etc., are able to function independently and effectively. 2. All HODs are given operational autonomy to carry out the academic activities. The HODs in consultation with their departmental faculty members prepare the time table, allot work to the members, organize seminars and conferences relating to their department and prepare the schedule for unit tests and CIA tests. Therefore the functioning of every department is based on the practices of decentralization and participative management.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	1. The guidelines given by the Thiruvalluvar University and the Government of Tamilnadu are strictly followed. 2. It is a Minority institution, as granted by the National Commission for minorities, Government of India, New Delhi. So roaster system is not applicable. However, students belonging to SC/ST and MBC are admitted more than the quota prescribed. 3. The Management arranges Scholarships and Freeships for the deserving poor students from local NGOs and Philanthropist in addition to the Government Scholarships. 4. The very fact that the admissions are closed within a very short time from the

publication of Plus Two results, speaks volumes of the demand for admission to various UG/PG programs and it is mainly because of the safety and security of the girls in the campus, and discipline and quality of education being imparted.

Industry Interaction / Collaboration

1. MOU with Averzys Technologies Chennai for effective industrial support. 2.MOU with ICT Academy Chennai for the purpose of employability skill training in financial literacy . 3. MOU with R.B.M Institute of Clinical Technology,Sivagangai, to conduct DMLT Course. 4.MOU with Institute of Cost Accounts of India to conduct foundation classes on Cost and Management Accounts. 5. Industrial Visit and Internship Training of students is encouraged.

Human Resource Management

1. The Management - Staff meetings are conducted periodically to discuss the problems and issues pertaining to the functioning of the institution. This helps to build cordial relationship between the employer and employee. 2. Feedback collected from the faculty and the non-teaching staff facilitates the management to focus on the redressal of the grievances and development. 3. The Management organizes felicitation and farewell functions to the teaching and the non-teaching staff on the eve of their retirement, and recognizes their services by giving awards, certificates and gifts.

Library, ICT and Physical Infrastructure / Instrumentation

1. The Library is enriched during this academic year with ID scanner, Books scanner, DSpace, High capacity server. 2. Books review competitions and quiz are conducted to encourage the students to develop the habit of reading books and prizes are awarded for the best students. 3. NDLI Club has been organizing competitions namely Poster Making, Essay Writing etc., monthly and certificates are issued to the winners. 4. Faculty is given training on how to access e-resources especially using DSpace.

Research and Development

1. Faculty members of Commerce, Computer Science and English have published Research articles in peer reviewed journals with high impact factor. 2. The college has subscribed N-

List, INFLIBNET facility for accessing e- resources and created accounts of all teachers at NDL service that offers access to e- resources. 3. At present, the college has 8 faculty members as M.Phil guides and 2 as Ph.D guides who have been recognized by Thiruvalluvar University and through them, the college transfers knowledge towards M.Phil/Ph.D.scholars.

Examination and Evaluation

1. A senior faculty is nominated as the co-ordinator of the examinations to ensure smooth conduct of both internal and end semester examinations. She is assisted by examination committee.
2. From the academic year 2019-2020, all examination related works such as attendance, CIA tests and Assignment marks, project and practical marks are computerized and communicated to the affiliating University through a separate online portal. 3. All the particulars of the freshers are sent online to the University for Registration and every student is allotted enrollment number. 4. The institutional mechanism of internal assessment is transparent and robust in terms of frequency and variety. Diagnostic test is conducted to assess the learning level of newly admitted students in the beginning of the year which helps to classify students as slow learners and advanced learners. 5. To avoid unethical and unfair practices during evaluation, dummy number/barcode system is followed and external examiners are involved in the evaluation of end semester exams scripts.

Teaching and Learning

1. Freshers are given orientation in the beginning of the academic year about the facilities available in the college. 2. Experiential learning methods are given much importance. Its modules include practical sessions, mock sessions, project based learning, study tours, field visits, sensitization visits to old houses, forts, orphanages, exhibitions etc., survey methods and observation based learnings. The outcome of this method is very effective and successful in imparting knowledge. 3. Advanced learners are encouraged to participate in intercollegiate competitions and seminars. 4. Peer group learning is

	strengthened. 5. To develop creative learning, students are encouraged to make Wall Posters, contribute to 'Galaxy' the college magazine, participate in Role Play, Talent Search Examinations etc.,
Curriculum Development	1. Value Education is made an integral part of UG curriculum. 2. Human Rights is a compulsory paper for all PG courses. 3. Soft skills is focused in UG curriculum. 4. Women Studies, Feminist Writings and Gender issues are integrated in the curriculum. 5. Environmental Studies is made compulsory for all UG students.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	1. 1 printer, 1 projector, 1 UPS are newly added in PG computer lab. 2. College website is updated periodically. The departmental activities, academic calendar, POs, PSOs, COs, students satisfaction survey, faculty contribution etc are uploaded in the college website (https://www.islamiahwomensartsandsciencecollege.com/)
Administration	The administrative office is fully computerized with Internet facility. All records are made available as soft copies through MIS. For Communication with University, Parents, Teachers and Students, ICT is used fully.
Finance and Accounts	All banking transactions are done through online. Payments are made as far as possible through RTGS/NEFT. The college accounts are also computerized. Tally Software is used. Salaries are paid regularly through bank. EPF contributions are also remitted through online.
Student Admission and Support	1. The profile collected from the students at the time of admission is maintained through computers. Various scholarships are applied through Internet. 2. The students are supplied softcopies of Essays, Notes, Lab Manuals, Important Questions and Answers in the form of PPTs, PDF etc. Online courses are made available to the students.
Examination	1. In DSpace software, all university previous question papers are uploaded for faculty and students reference. 2.

During the time of End Semester Examinations, the Chief Superintendent of the examination has to send daily report to the university online. 3. Collection of examination fee and university fee and remittance to the university are done through e-banking. 4. End Semester Examination schedule is published in the University website and results are communicated to the colleges through Mail.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

7.2.1 Describe at least two institutional best practices Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link BEST PRACTICE I 1. TITLE OF THE PRACTICE BOOK READING COMPETITION 2. OBJECTIVES OF THE PRACTICE To make the students develop the practice of reading books, journals and periodicals in general and select literature in particular at their own pace. 3. NEED ADDRESSED AND THE CONTEXT It is noted that the habit of reading books beyond the syllabus has been on the decline amongst the student community. The Principal and the members of the library committee suggested a novel idea of book reading competition which would be an excellent stimulus to activate book reading habit. The ultimate aim is to encourage the students to read select literature at their own pace. 4. THE PRACTICE The library committee and experts team constituted by the Principal selected a set of 25 books which include the biography of great personalities, autobiographies and motivational works. Students are motivated to participate in the competition. The enrolled students were supplied the selected books for reading. The views of individual readers of each book are recorded in writing. The winners are appreciated in a function and given cash prizes. This practice helps to nurture and develop reading habit and also to get the ability to summarize the books and review them. 5. EVIDENCE OF SUCCESS The very fact that the students participated in the competition enthusiastically and the issue of books in the library increased substantially reflects the success of the program. BEST PRACTICE II 1. TITLE OF THE PRACTICE PHYSICAL FITNESS AND SELF-DEFENCE PROGRAM 2. OBJECTIVES OF THE PRACTICE 1. To empower women and to enable them to defend against any type of physical

assault. 2. To build self confidence so that they can contribute meaningfully to their own development, shape their own destiny and capacity enhancement through self defence training. 3. THE CONTEXT: The Physical Director of the college organized the training for self defence and fitness for the girls. The interested students are encouraged to attend the self defence and fitness training. An MoU was signed with Goju-Isshin Kai Karate De Federation, the trainer institute to give training to our students in self defence and fitness. 4. THE PRACTICE: The interested students attended the training for self defence and physical fitness in the college campus for one year. The proper attendance was maintained for this training programme. Dr.H.Balachandar Black Belt, Japan, founder of all Goju-Isshin Kai Karate De Federation, conducted the training with a trainer Ms.J.Anitha. Students were trained in batches of 150 each. Finally the students were given certificates by the foundation. 5. EVIDENCE OF SUCCESS The students participated in the program with great interest, as they understood the importance of self defence and physical fitness. They got confidence that they could protect themselves and it reflects the success of the program.
